BULGARIA

WHO WE ARE ?

DEFENSE CAPITAL INDUSTRY (DCI), Ltd is a private company, registered, licensed and headquartered in Sofia Bulgaria.

Started in 1997 as a trading company, in 2000 the DCI turned its activities towards manufacturing. And today the DCI is proud to be a part of the private manufacturing enterprises in the Republic Bulgaria.

In accordance with its activities, DCI holds a license for the production of armaments, issued by the General Directorate National Police and extended addendum issued by the Ministry of Economy of the Republic of Bulgaria.

DCI specializes in the design and production of armaments, related parts and components. The production processes are based on the latest technologies in the armaments industry, using the most advanced machinery.

In connection with its production, DCI has established a quality control management based on a structured, globally recognized standard ISO 9001, Quality Management System.

DCI is also certified under the NATO standard for quality Assurance of Defence products – AQAP 2110, which is under control and audit by the Ministry of Defense of the Republic of Bulgaria.

In regards to provide a quality export, import or transfer services to its clients, DCI holds a full license for foreign arms trade, granted by the Interdepartmental Council for Military Industry Complex and Mobilization Readiness to the Government of the Republic of Bulgaria.

WHO IS THE DCI TEAM?

The employees of DCI are highly skilled specialists with military background and work experience in the former Bulgarian General Engineering Department Ministry of Defense.
